## 2023

Our junior development program has been operating since 1972. In that time we have introduced thousands of juniors to the game of tennis. Some of our students have gone on to play tennis professional, many have earned U.S. scholarships, and a few have joined the coaching ranks. More importantly, all have learned the basics that will allow them to play this great game for the rest of their lives.

The goal of our program is to develop a sound foundation for development of the student's game in the years ahead. We will put the students through specially designed drills that will develop the technical, tactical, psychological and physiological components of their game
